

# HEAVY EQUIPMENT BOX

Designed for extreme applications, the JOBBOX Heavy Equipment Box provides durability for any job site. This innovative design combines JOBBOX toughness with total access by adding our industry leading drop down ramp. The user-friendly bolster reinforced ramp makes rolling larger, heavier tools and equipment into the box easy and safe. Storage bins on the side walls and additional welded storage on the back wall makes organization effortless. Also, the addition of reinforcement to the bolsters and around the perimeter makes the Heavy Equipment Box the strongest storage solution available.

- 
  - Site-Vault™ Security System with Bolt-Cutter Proof Housing
  - Full-Length Steel Lock Console with Three Locking Points
  - Fully-Welded Padlock Housing
-
